

TABOR VILLAGE
Providing Care from the Heart

March 20, 2020

Dear Tabor Family,

As we continue to fight against the current COVID-19 crisis, we wanted to share with you the latest update regarding our response plan. In the below (linked) letter, I'm sharing with you all the protective measures we at Tabor Village are taking and how we are making the decisions that we are.

As you know we have implemented a strict no visitors policy as mandated by the BC Provincial Health Officer, Dr. Bonnie Henry, and we are taking extra measures to screen staff before they start their shifts.

All staff will be taking the BC COVID-19 Self-Assessment Tool before coming to work each day and we encourage you to do the same before starting your day. This quick and easy questionnaire will help us all to be proactive with our own health and thereby also protect others in our community.

As always, please don't hesitate to reach out with any questions or concerns you may have. As challenging as this time is, if we continue to work together, we will get through this together.

Sincerely,

Dan Levitt
Executive Director
